

The Ninth Century and the Holy Grail

One of the most valuable and original works on the Grail yet to appear in any language. ?John Matthews, author of *The Mystic Grail* The definitive work on the historical background to the Grail Romances of the mediaeval age. ?Trevor Ravenscroft, author of *The Spear of Destiny*Much plagiarized and its contents distorted over the years, Steins seminal work is a classic of original scholarly and spiritual research. In studying the central Grail narrative of Wolfram von Eschenbachs *Parzival*, Stein takes a twofold approach. On the one hand, he searches historical records for the identity of actual people and events concealed behind the Grail epics veil of romance. On the other hand, Stein deciphers Eschenbachs hidden spiritual messages, showing *Parzival* to be an esoteric document containing powerful pictures of the human beings inner path of development.Stein reveals the period of the ninth century to be far deeper and more important than to be of mere historical and academic interest. It is the karmic ground from which grows the very destiny of our modern era?the grand battle that must take place between the powers of the Grail and the hindrance of sinister anti-Grail forces at large today.
