

Lord, Help Me Love This Hyperactive Child

Society often jokes about the hyper person, but for families who live with a hyperactive child they often find little reason to laugh. This book is the story of one family's pilgrimage in dealing with such a child. It offers: encouragement from parents who have experienced the trauma that can result, an understanding of what hyperactivity is and some things to expect, and suggestions from a pediatrician who works in this area. Finally, it shows how prayer and God's love can help sustain the family.

How can Christian parents cope when a child is diagnosed with autism? In western society more and more children are being identified as having ADD, ADHD or being diagnosed as We ask others to pray for us and help us through this time, all the while understanding that and Why would a loving God allow this?
