

Special Report # 25: Sex Addiction for Men: A Guide for Bi, Gay and Same Gender Loving Men (Kyle Phoenix Presents) (Volume 25)

You like the feeling, the taste, the smells, the sensations, the sights of a man. You find yourself in the evenings searching clubs or online for men. Your weekends are filled with escapades that would make professional sex workers blush. Are you a sex addict? Or are you just a normal horny man? In this report we distinguish the two and give a checklist to maintain, suggestions to act out and questions to ask yourself to find if you (or a partner) are addicted to sex or just having fun with it. Special Reports by the publishing digital/print industry have historically come to be in the size of just approximately 10 pages on the titled topic with books obviously being more. My aim within the design of the Kyle Phoenix Special Reports is to expand the informational content each Special Report contain and create a substantial addendum to each Special Report of thousands of pages---included and linked to. First I do that by the inclusion of informational Add Ins. The purpose of the Add Ins is one, the wide expanse of men these Reports go out to in paperback and digital form not always being at the same resource levels in life but striving for growth. This allows for a multi-faceted product that provides a deeper engagement on multiple issues then just the titled work; two, the edification of men of color who may come across them; and thirdly, to precipitate and encourage discussion within the individual, within friendships, relationships or small groups of men around good, useful, accurate information. Lastly, it also allows the Special Reports to be available in a wider venue of online and offline locations where men can find them. In the print and digital editions you will also find that I have included links to:

- o Over 100+ relationship, sexuality and financial online videos;
- o Hundreds of articles on sexuality, race, finances, relationship skills and strategies
- o Larger nonprofit,

governmental, entrepreneurial and financial institutions of use to the individual and the community; o Descriptions (and useful glossaries) on how to apply them into your life. o The Liberation List, an ever expanding linkage to books on cultural, sexuality, history and finances from a multi-cultural point of view. My aim being more useful, good, accurate value and content for your money and more uniquely that the items you buy, go through a metamorphism over time. Each products internal linkage system means that it is continuously connected to free updates through all of the other venues. Without affecting the industrys design and pricing structure I hope to take advantage of technology for the benefit of the community to deliver one product, that is essentially a hundred-in-one, thousands of pages accessible through one product, that keeps expanding (into more videos, more articles, more content) over time and that such a wealth of information gives, to many areas of your life, not simply the Special Reports titled focus, allowing it to become a continuous resource in your personal library for yourself and others.
