

Busy Bee Readers have been specially written for young learners of English as a second language. They are graded structurally and lexically, and support the language learned in Busy Bee or any other Primary English course. Busy Bee Readers seek to improve pupils understanding and enjoyment of English by presenting them with exciting, interesting and amusing stories to enjoy in the classroom or at home. Each book contains carefully graded comprehension questions to enable teachers to check understanding. The reader should use and practise the language taught in the accompanying course for Egyptian primary schools.
