

# Complementary and Alternative Medicine (CAM) Supplement Use in People with Diabetes: A Clinicians Guide

People with diabetes are 1.6 times more likely than people without diabetes to use a complementary or alternative medicine supplement. This clinicians guide will give you facts and tips to help your patients successfully consider using a CAM supplement. Includes: in-depth descriptions of botanical and nonbotanical CAM supplements to treat diabetes; tables organizing supplements and therapies for quick reference; and review of clinical studies and chemical constituents for each supplement.
