

This is the first comprehensive account of feminist politics in Great Britain from the late 1970s to the early 1990s. The authors trace the movements accomplishments and defeats over four successive conservative government terms. They identify and examine five key areas of British feminist politics--political representation and citizenship, equal employment opportunities, reproductive rights and health, motherhood and childcare, and male violence. In each of these areas, the authors explore both developments in feminist theory and the grass-roots movements.

Principles For A Free Society: Reconciling Individual Liberty With The Common Good, With the 2d Marine Division in Desert Shield and Desert Storm - U.S. Marines in the Persian Gulf, 1990-1991 - Gulf War, Iraq, Kuwait, Intelligence, Movements and Training, Operations Plan, Offensive, Landmarks in Lupus, The Sphere of Art Vol 2, Encyclopedia of Mens Reproductive Cancer (Facts on File Library of Health & Living),
