

In the follow-up to *Avalanche of Spirits: The Ghosts of Wellington*, Paranormal Underground Radios Karen Frazier shares the story of a lifetime of afterlife research and continues the story of Wellington where she left off. Even as a child, Karen found herself drawn to topics of the soul. Throughout her adulthood, she sought answers to a single question: Does consciousness survive death? In *Dancing with the Afterlife: A Paranormal Memoir* Karen shares the experiences she had that first spurred her curiosity, and later led her search. Touching on topics including ghosts, reincarnation, life between lives, psychic ability, and near-death experiences, Karen shares how her time as a paranormal investigator and afterlife researcher has led her to the inescapable conclusion that consciousness does, indeed, survive bodily death. With interior photographs by Patty Valdez and cover photo by Jayme Oldham.
