

Learn Hypnosis & Hypnotherapy Double Edition: Volumes Four & Five Further Collected Works & Therapy in Action

This book is a double edition comprising of Volumes Four and Five of the Learn Hypnosis & Hypnotherapy series (previously released as Becoming a Brief Therapist series). Volume Four is a collection of articles, papers and answered questions that delves deeper into my approach to brief therapy and hypnosis. This volume covers how to adapt what you know to a variety of situations and to move beyond just doing techniques into mastering the art of brief therapy and Ericksonian Hypnotherapy. Volume Five is a transcript of a full Hypnotherapy session that includes an ongoing analysis to explain what I am doing and why moment by moment. The aim of the session is to improve the clients artistic abilities. Volume Five brings together and demonstrates many of the advanced skills and techniques contained within the preceding four volumes.
