

Disinformation: Former Spy Chief Reveals Secret Strategies for Undermining Freedom, Attacking Religion, and Promoting Terrorism

The highest-ranking Soviet bloc intelligence official ever to defect to the West, Lt. Gen. Ion Mihai Pacepa is at it again. A quarter century ago, in his international bestseller *Red Horizons*, Pacepa exposed the massive crimes and corruption of his former boss, Romanian President Nicolae Ceausescu, giving the dictator a nervous breakdown and inspiring him to send assassination squads to the U.S. to find his former spy chief and kill him. They failed. On Christmas Day 1989, Ceausescu was executed by his own people at the end of a trial whose accusations came almost word-for-word out of *Red Horizons*. Today, still living undercover in the United States, the man credited by the CIA as the only person in the Western world who single-handedly demolished an entire enemy espionage service--the one he himself managed--takes aim at an even bigger target: the exotic, widely misunderstood but still astonishingly influential realm of the Russian-born science of disinformation. Indeed, within these pages, Pacepa, along with his co-author, historian and law professor Ronald Rychlak, expose some of the most consequential yet largely unknown disinformation campaigns of our lifetime. Here the reader will discover answers to many crucial questions of the modern era: Why, during the last two generations, has so much of the Western world turned against its founding faith, Christianity? Why have radical Islam, jihad and terrorism burst aflame after a long period of apparent quiescence? Why is naked Marxism increasingly manifesting in America and its NATO allies? What really happened to Russia after the Berlin Wall came down? Like the solution to a giant jigsaw puzzle lacking one crucial piece, *Disinformation* authoritatively provides the missing dimension that makes the chaos of the modern world finally understandable. By its very nature, a disinformation

campaign can work only if the seemingly independent Western press accepts intentionally fabricated lies and presents them to the public as truth. Thus, Pacepa and Rychlak also document how the U.S. mainstream medias enduring sympathy for all things liberal-left has made it vulnerable to--indeed, the prime carrier of--civilization-transforming campaigns of lying, defamation and historical revisionism that turn reality on its head. In *Disinformation*, youll discover: How destroying the reputation of good leaders has been developed into a high art and science. How Pope Pius XII --a generation ago the worlds most high-profile Christian leader, who personally saved countless Jews from Hitlers Holocaust--was transformed, through the magic of disinformation, into a Nazi sympathizer. How Christianity and Judaism have been targeted for constant denigration and defamation through an ongoing campaign of disinformation. How the Soviet bloc planted 4,000 agents of influence in the Islamic world, armed with hundreds of thousands of copies of the most infamous anti-Semitic book in history, to fan the flames of ancient Arab resentments against the U.S. and Israel and sow the seeds of anti-Semitism that would later bloom in the form of violence and terror toward Jews and Christians. How the defamatory attacks on American soldiers John Kerry made before Congress upon his return from Vietnam--charges later discredited and repudiated--were identical to a contemporaneous KGB disinformation campaign concocted to turn Americans against their own leaders. How supposedly respectable institutions like the World Council of Churches have long been infiltrated and controlled by Russian intelligence. How much of the world came to believe that the U.S. government itself masterminded the assassination of President John F. Kennedy. How the Soviet Union has been transformed into the first intelligence dictatorship in history. How disinformation is still very much alive in the age of Obama, remaining
