

This network version of Spectrum Mathematics Testmaker Plus! 10 is able to generate sets of questions that can be completed by students online or printed out for duplication. The sets of questions can be used as tests, homework sheets or extension activities for all major mathematics topics covered in Year 10. The items in a set can be chosen from a single topic or from a combination of topics. In the printed version the questions in a set can include multiple choice, extended answer or analysis question types. Tests delivered electronically are in multiple choice mode and are automatically marked and the results stored in an electronic mark book for analysis and reporting. The electronic mark book feature allows differentiated access for the coordinator and class teachers, allows analysis by student and/or topic and allows the inclusion of results arising from externally generated assessments.

One-Letter Words, a Dictionary, Learning and Instruction, Hidden Lives: Voices of Children in Latin America and the Caribbean (Global issues series), Pennsylvania German ancestors: A family history : Frysinger, Schaffner, Royer, Keller, and related families in Lancaster, York, Berks, Dauphin, and Lebanon counties, Monthly Digest of Statistics Vol 735, March 2007 (v. 735), No More Head Lice!, When Abraham Talked to the Trees, Land of Desolation: Being a Personal Narrative of Observation and Adventure in Greenland, The Wicked Queen: The Origins of the Myth of Marie-Antoinette, American Education, 1945-2000 : A History and Commentary,
