

George Bickhams Penmanship Made Easy (Young Clerks Assistant)

George Bickham was an enterprising eighteenth-century engraver and calligrapher who promoted the practice of proper penmanship. This volume, an unabridged reprint of his now extremely rare calligraphy manual, *The Young Clerks Assistant*, provided young practitioners with much valuable information on how to write not only legibly but also with beauty and grace. The book begins with *Directions for Learners*, a series of helpful hints on forming letters, holding the pen, arm and wrist positions, proper posture, and so on, followed by a wealth of calligraphic specimens: alphabets, maxims, didactic verses, and other words of advice for elevating the moral standards of the young. For modern calligraphers, Bickham's guide offers an abundance of models for imitation and provides a delightful look back at the instruction manuals and teaching methods of the mid-1700s. Enhanced with many charming engravings, this hard-to-find antique teaching tool can be read as easily for pleasure as for inspiration. It will appeal to calligraphers, graphic artists, and any devotee of fine penmanship.
