

Handy Katakana Workbook

This is a workbook intended to accompany an introductory Japanese language course. It is a self-paced program with study sheets, worksheets on how to write and read Hiragana, and 2 practice quizzes. The workbook is paced to be covered in 15-25 hours of instruction. Each worksheet presents a sufficient number of Hiragana and their combinations for beginning level students to practice. Unlike the methods used in traditional language classes, this workbook teaches you to read and write from day one. Approximately 580 Hiragana words are introduced. The workbook is prepared by language specialists who understand the logic and psychology behind language learning.
