

# Fingeralphabet Luxemburg - Handbuch (Fingeralphabet - Basic - Manuals 3) (German Edition)

Fingeralphabet Luxemburg ist ein Handbuch, das die überarbeiteten, korrigierten und freigegebenen Handzeichen des luxemburgischen Fingeralphabets sowie der Nummern 0-10 beinhaltet. Samtliche Zeichen werden einzeln (aus jeweils zwei Blickwinkeln) dargestellt, wie auch in einer passenden Übersicht. Diese kleine Reihe von Handbüchern, die die freien PDFs der internationalen Fingeralphabete von Fingeralphabet.org begleitet, ist speziell für Bibliotheken, Institutionen und Menschen gedacht, die mehr benötigen, als einzelne A4 Ausdrücke. Ich hoffe, dass ihnen hiermit geholfen werden kann. Die im Buch vorhandenen Texte sind auf Deutsch und beinhalten unter anderem eine kurze Einleitung und Anleitung zur Nutzung der Fingeralphabete. Der Verkauf dieses Buches unterstützt das pro bono Projekt Fingeralphabet.org auf [www.fingeralphabet.org](http://www.fingeralphabet.org). Ziel des Projektes ist die Dokumentation sämtlicher existierender Fingeralphabete weltweit und eine kostenlose Bereitstellung der Basisinformation für Bildungszwecke. Für ihre Arbeit an Fingeralphabet.org wurde Lassal für den Deutschen Engagementpreis 2013 nominiert.
