

Lets Learn with Teddy about Epilepsy

Lets learn about epilepsy is intended to help kids and families understand seizures and epilepsy using an illustrated story about a young boy, his best friend and his family. Teddy has a seizure for the first time in his life. The book goes through the symptoms, the diagnosis, test and treatment. The book is intended to help children cope with the disorder and understand the test and treatment. The story ends with a powerful message in that Teddy is not in any way different than he was prior to the seizure.
