

Magic. You Are It. Be It.

MAGIC IS CONSCIOUSNESS AT WORK In MAGIC. You ARE It. Be It. Gary Douglas and Dr. Dain Heer share processes, tools and points of view that you can use to create consciousness and magic- and change your life in ways you may not even be able to imagine. Magic is about the fun of having the things you desire. In a larger way, magic is about consciousness - not the addendum TO your life, its consciousness AS your life. You can function from consciousness every moment youre alive. When you do, your life becomes truly magical and theres nothing you cant generate. What are the infinite possibilities? What else is possible? Magic is all around us, its something we all generate. What would it take to think differently about the universe, the consciousness and oneness that we all are and the magic that is an intrinsic part of it?

--Gary M. Douglas The real magic is the ability to have the joy thats possible, the joy that can be generated, the joy that life can be!
-- Dr. Dain Heer
