

Making An Exit: A Mother-Daughter Drama With Alzheimers, Machine Tools, and Laughter

At a time when such things were rare, Elinor Fuchss mother, Lil, escaped a miserable marriage and launched a career that led her from the Midwest to Washington, D.C. She left Elinor to be raised by grandparents, and eventually to despise her mothers values and keep her distance. Making an Exit is the moving account of what happened afterward - the unexpected love story of a career-driven mother, a once-resentful daughter, and a ten-year battle with Alzheimers.
