

Fifteen stories written by deaf/hard of hearing individuals who have had cochlear implants are told within the context of unique histories that are intimate, personal and moving. Readers will gain insight into the personal struggles and challenges for those who made the decision to get a cochlear implant. The writers share their process over the decision to obtain an implant as well as the delights and disappointments in hearing with one. Many of the books contributors noted how their involvement in the deaf community and Deaf culture influenced their perceptions of cochlear implants.

The 9/11 Wars, Immunosuppression Systemic Lupus erythematosus (Rheumatology, Vol. 5) (v. 5), Grain Free Recipes: Grain Free Cooking for a Grain Free Lifestyle, What Principals Need to Know About Teaching and Learning Reading, The Russian Kettlebell Challenge: Xtreme Fitness for Hard Living Comrades, Building Competence in Consultation: A Developmental Approach, Critical Thinking: Tools for Taking Charge of Your Learning and Your Life (2nd Edition),
