

## island Rogue

From New York Times best selling author Charlotte Hughes: Ellie Parks is trying to heal from the trauma she endured a year ago, but the demands of her high profile job leave her little time to think about her own needs. The small isolated island off the coast of Charleston sounds like the perfect place to come to terms with her past and hopefully reclaim her joy. The last thing she needs is a man, especially a bad boy hunk in tight jeans, who seems hell-bent on getting her in bed. But Cutter Beaumont isn't going anywhere. Not only is he the sheriff and mayor of Erskine Island, he owns the only tavern. Cutter can't take his eyes off of pretty Ellie Parks, even though the wall she has built around her would intimidate any man. He does not realize she has unfinished business. Will he go the distance with her or is he only interested in a spring fling?
