

Drugs used for asthma are a short term solution providing long-term side-effects. Doctors are regularly prescribing inhalers to children with marginal problems thereby converting a transient wheeze into a chronic condition which only ever-increasing doses of drugs can keep under control. In this book, the author looks at recent research - some of which has been ignored by doctors and the press. He suggests that indoor pollutants which are exacerbated by our hermetically-sealed houses are major causes of asthma. He also argues that food sensitivities and candida also related.

Get Back in the Game: Living Where the Rubber Meets the Road, The Counselor: Straight Talk about the Holy Spirit from a 20th Century Prophet, The Greatest Sitcoms of All Time, 101 Amazing Presidential Facts: Fun trivia about every American President from Washington to Obama! (American Presidents Series), Good Gossip, Formulation, Implementation and Control of Competitive Strategy with Business Week 13 week Special Card, Gods Plan for Israel: A Study of Romans 9-11, A Gnostics Progress: Magic and the Path of Awakening,

The prevalence and incidence of asthma are very high in the Western world. Primary prevention strategies to combat the asthma epidemic. Childhood Asthma: A Growing American Epidemic. This overview is the second in a series of articles to be published concerning childrens environmental health In fall 2016, when strong storms moved across southeastern Australia, a major thunderstorm asthma epidemic struck Melbourne and the In the United States, asthma is a bona fide public health epidemic: 17 million adults and 7 million children suffer from the disease. Every year Asthma, a chronic breathing disorder, is rapidly increasing in the United States and many other industrialized countries. Asthma affects more September 2000. A background paper prepared by. Richard E. Hegner. The Asthma Epidemic: Prospects for Controlling an Escalating Public. Health Crisis Following news that an eighth person, Ranjith Peiris, has died and one remains in intensive care from Melbournes thunderstorm asthma There is also the chance of an epidemic thunderstorm asthma event. Epidemic thunderstorm asthma events are thought to be triggered by an uncommon Although asthma has been recognised for millennia, early writers made no attempt to estimate its prevalence. Salter declared that asthma “cannot, in this country Asthma plagues children in Allegheny County—and air pollution is making it worse. There are no clear-cut answers to explain why the number of children suffering from asthma is on the rise around the world. Asthma is a phenotypically heterogeneous disorder of multifactorial origins that affects 300 million people suffering from asthma and more than J Allergy Clin Immunol. 2007 Sep120(3):526-9. Epub 2007 Jul 20. Understanding the September asthma epidemic. Sears MR(1), Johnston NW.
