

A beautifully composed journey through music history! Music history is a required course for all music students. Unfortunately, the typical music history book is dry and academic, focusing on rote memorization of important composers and works. This leads many to think that the topic is boring, but bestselling author Michael Miller proves that isn't so. This guide makes music history interesting and fun, for both music students and older music lovers.* Covers more than Western classical music-also includes non-Western music and uniquely American forms such as jazz* More than just names and dates-puts musical developments in context with key historical events

Im Not Crazy - Im a Prophet, Bridging the Leadership Divide: Building High-Performance Leadership Relationships Across Generations Facilitators Guide Set, Television Production: A Classroom Approach, CD-ROM, 2nd Edition, Teaching in the 21st Century: Adapting Writing Pedagogies to the College Curriculum (Cultural Studies in the Classroom), Soccer: Mastering the Basics with the Personalized Sports Instruction System (A Workbook Approach), Handbook of Exercise in Diabetes, Intercultural Theology: Intercultural Hermeneutics (Missiological Engagements), Confederate Cavalry West of the River, Malcolm X: By Any Means Necessary (Turtleback School & Library Binding Edition),
