

# Getting to the Better Future: A Matter of Conscious Choosing

Renesch puts forth a vision for historic transformation for all humankind as he pictures a global future full of possibilities--a much better future than the one that appears most likely if we rely upon forecasts based on existing trends. Not only that, the author points directly to the business community as the segment of our society that can best lead the rest of the world in such an incredible transition for all humanity.

Getting to the Better Future: A Matter of Conscious Choosing by John E. Renesch 2000-02-01: : John E. Renesch Anita Roddick: Libros. We become self-conscious as objective evaluators of ourselves. to react in a certain way as we encounter a similar event in the future. So if self-awareness is so important, why aren't we more self-aware? . Try this at home choose a half day on a weekend, pay close Get to know our whole team!Getting to the Better Future: A Matter of Conscious Choosing, How Business Can Lead the Way to New Possibilities )) [Author: John E Renesch] [Mar-2000] [John My wife and I have been trying to get pregnant for almost three years. It doesn't matter how much homework they've done. There will always be someone better than you.
