

# The Encyclopedia of Science Fiction Movies: From 1897 to the Present (Facts on File Film Reference Library)

The Encyclopedia of Science Fiction Movies is the most complete reference available on the subject. Written by a noted film reviewer and journalist, this volume is a fascinating A-to-Z historical overview of science fiction in the cinema from the earliest experiments in silent film in the 1890s to the most recent blockbusters. Each of the more than 1,300 entries includes the film's vital statistics - title, year released, director, screenwriter, cast, studio, and running time - along with a summary of the film and a critique. Select entries contain additional information, such as anecdotes on the making of the film provided by the cast and crew.
