

The Season Of The Solar Storm: Christmas Dreams and A Preppers Nightmare: Book 3 of the Prepper Saga: Holiday Apocalyptic Fiction

The third book of the Prepper saga finds our stalwart survivors suffering yet again even more calamities. Winter has set in with a vengeance and a freak snowstorm has mysteriously started as yet another coronal mass ejection from a solar storm has occurred. The lakes residents take this as an ominous warning that a mini ice age might be a possibility because of the odd space weather occurring. Christmas plans are put on hold as everyone starts to jealously hoard the supplies they need to get through the worst winter anyone can remember. Instead of a season of joy and sharing to look forward to, a season of austerity and foreboding awaits our survivors.
