

The Sphere of Art Vol 2

The Second Volume of The Sphere of Art reveals a remarkable technique of spiritual alchemy, developed from continuing practice with the Sphere of Art and the Two Sensitive Points. The Elevation of the Metals and the Four Holy Fires within the body enables profound transmutation, in a sequence clearly described for practical use. The Sphere of Art is the result of a lifetime of dedicated sacramental work in the Western esoteric spiritual traditions. Each volume embodies the most advanced methods from R J Stewart's Inner Temple Traditions Inner Convocation program, taught internationally from 1988 to the present day. R. J. Stewart is a Scottish author and composer, published worldwide, writing and teaching on spiritual and magical arts. For more information, go to www.rjstewart.net, www.rjstewart.org
