

A.D.D.: Welcome to Our World

Highly anticipated book by Cynthia Calvert-Phillips and her husband, Phil Phillips who invested over a decade of research and living with A.D.D. to compile a book that makes one realize they are not alone. whether being the one with A.D.D. or having friends or family members with A.D.D. Life doesnt have to be difficult. The book provides clarification on many issues and answers to hard questions regarding A.D.D. or as the authors prefer Affectionately Designed Differently.
