

Women as Candidates in American Politics, Second Edition

In this second edition, Susan Carroll updates her pioneering study of women candidates and their campaigns in the aftermath of the Year of the Woman. Although in many regards the political climate has become vastly more favorable for female candidates, opportunities are still limited by the political structure. Carroll examines a number of possible reforms and actual developments which may eventually mean larger numbers of women being elected to public office.

She focuses on Latino political candidates and voters in US electoral politics. Women as Candidates in American Politics (Second Edition 1994) Women and File Name: Women As Candidates In American Politics, Second Edition Total Downloads: 1481. Formats: djvu pdf epub mp3 kindle.
