

Management Tips

Management is a tricky business that often times could utilize some advice via careful word-smithing. Therefore this book shows a common word and then displays a series of management tips based upon that word. It is meant to make one think about the word and phrase being stated and to use such items to promote new ideas and awareness within ones workplace, project or overall well-being.

Good project management is essential for any team tackling large, multi-faceted initiatives. This is especially true in the tech industry, where Entrepreneurs learn something new everyday, but these tidbits will put you ahead of the game. Becoming a leader is a learning process. Speed it up by avoiding these common blunders. 8 Tips to Help First-Time Managers Thrive. Understand the business. You need to be prepared to address questions from your direct reports that take into account the broader landscape of the company. Prioritize your one-on-one check-ins.
